Imagine...

Water gardens transform an outdoor living space into a beautiful paradise where you can relax, unwind, and enjoy quality time with family and friends. Water features become the focal point of any garden with their melodious tunes and natural ability to attract a variety of birds and butterflies. Whether you tuck a decorative fountain near the entrance of your home or create a backyard habitat with an Koi pond and waterfall, you'll find each day enhanced when you waterscape your landscape. Whether you have an expansive lawn or a small courtyard, you'll find a water feature to suit your lifestyle and budget.

Close your eyes and imagine your ideal vacation spot. Is it on the water? Why? Because our bodies are comprised mainly of water, we are naturally drawn to it. It's this connection that Garden Ponds Unlimited understands and this relationship that drives us to provide our clients with one of a kind water features that create a paradise vacations at home.

You Deserve It!

Don't you deserve your own piece of paradise to come home to each day? Take the plunge and join the thousands of "pondaholics" in Oklahoma who are already enjoying the hottest trend in landscaping today!

Why Garden Ponds Unlimited® ?

Garden Ponds Unlimited plays an integral role in the state to enhance the environment and beautify landscapes across Oklahoma. We are considered to be the top innovators in Oklahoma for the water garden industry. We have been in business since 1997. We build more quality water features each year than any other company in the entire state of Oklahoma, with more than 1500 ponds built in the OKC metro area. We are the only pond builder in the state to have a fully stocked retail pond store with display ponds onsite and every product necessary to keep your water feature operating at its fullest potential. We are open six days a week all year long. When you choose us, you'll never have to worry about service after sale. In addition to our pond installation crew and retail store, we have dedicated technicians to service your pond needs and repairs promptly. We are able to do this because building water features is our full-time focus. Not just something we do on the side. Because of this we are able to offer the only clear water guarantee in the state.

Our mission is to enrich the lives of our customers by providing them with the water garden lifestyle and superior customer service and service after the sale.

"Ponds Done Right the First Time"™

Let the hands of our artists transform your backyard!

The Benefits of Water Features

Home Improvement & Curb Appeal

Enhanced landscaping improves property value, and water features make your property stand out from the rest. A Pondless Waterfall in the front yard provides curb appeal, while a backyard Koi Pond increases a home's value much like a deck, patio, or gazebo. The sound of a water feature will drown out noise from traffic or neighbors.

Quality Family Time

Backyard ponds create a gathering spot for family and friends. Enjoy family meals outside near the pond and spend the evening unwinding with your loved ones. Educate young children on the wonders of nature with an ecosystem pond.

Health and Wellness

Water features provide soothing sights and sounds that help you relax and de-stress in today's busy world. Lower your blood pressure and improve your physical and mental health as you prop your feet up and enjoy the therapeutic effects of Mother Nature. Get outside and soak up the sun.

A Low Maintenance New Hobby

An ecosystem pond is self-sustaining with very little maintenance. It requires less water than the area of lawn it replaced. A pond provides opportunity to have fish as pets, without the mess and maintenance of an aquarium. Aquatic plants give you the chance to broaden your gardening horizons with choices that go beyond the standard petunia and rose. In addition, bird lovers will delight in the new variety of feathered friends that flock to a water feature. Nature lovers simply can't go wrong with water features.

No More Bare Spots In Your Yard

Replace that ugly patch of dirt in your yard where you just can't get grass to grow. Waterfalls or a Koi pond is the perfect alternative. We remove the eyesore and add beauty. The perfect solution.

Reduce Traffic Noise

Do you live near a busy street or highway? Waterfalls dramatically help reduce traffic noise. We can add echo chambers built into the waterfalls that amplify their sound.

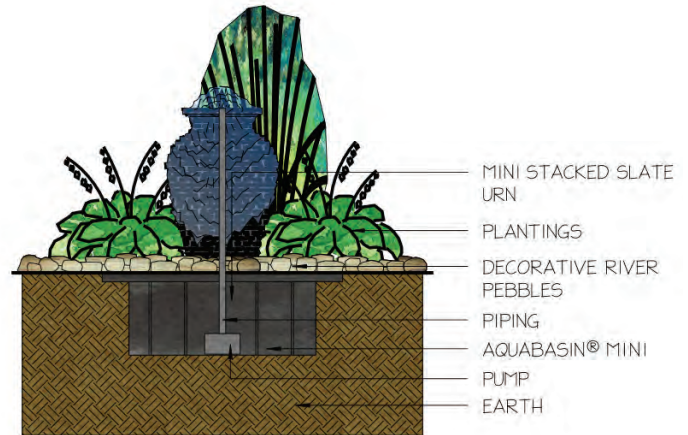

Small Water Features

A **Small Water Feature** adds a splash of water to your yard.

Perfect for smaller spaces, and available in a variety of styles, you're sure to find one that suits your taste and budget. Butterflies and birds will enjoy the refreshment your water feature brings to the garden. You'll delight in the sights and sounds of nature that a small decorative water feature provides. We can also add any of our small water features to larger ponds as an accessory.

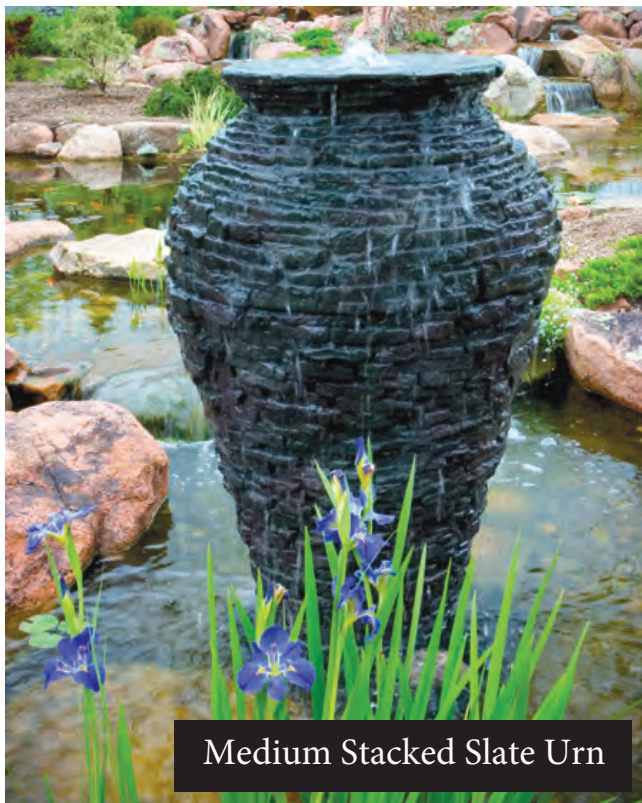

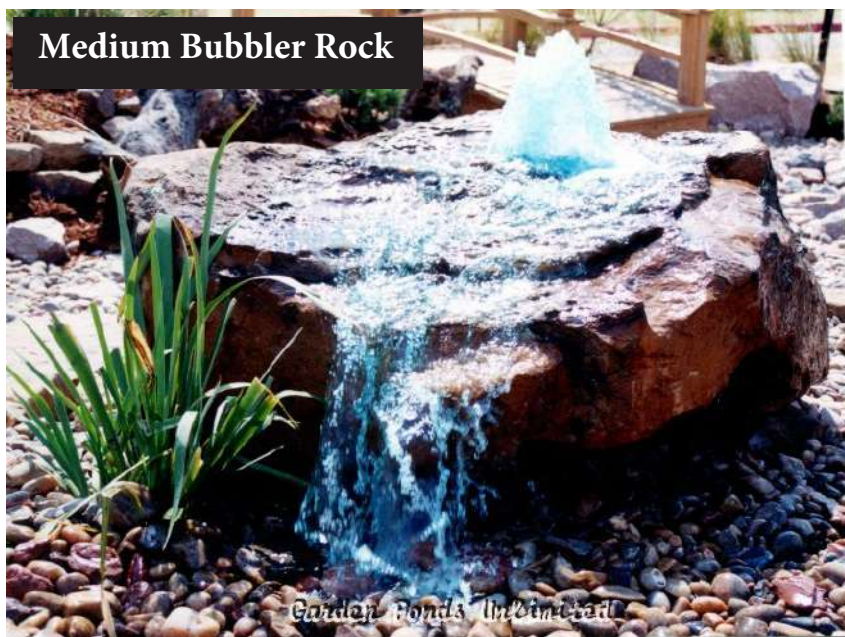

Stacked Slate Spillway Wall

Medium Stacked Slate Sphere

Medium Stacked Slate Urn

Medium Bubbler Rock

All Decorative Water Features include:

Fountain • Water Reservoir • Energy Efficient Pump • Pipe and Fittings • Mixed River Stone • Design and Installation

**ENHANCE YOUR DECORATIVE WATER FEATURE

Color Changing Light Kit 3 Lights -

Decorative Light Kits include:

- *3 LED color changing lights*
- *Low voltage transformer*
- *Low voltage cable*

Faux Oak Stump Cover – A great way to hide electrical outlets.

Auto-Fill System - Automatically detects low water levels and fills your feature with water

Fire Fountain Add On - Add the element of fire to your water feature

Pondless Waterfalls

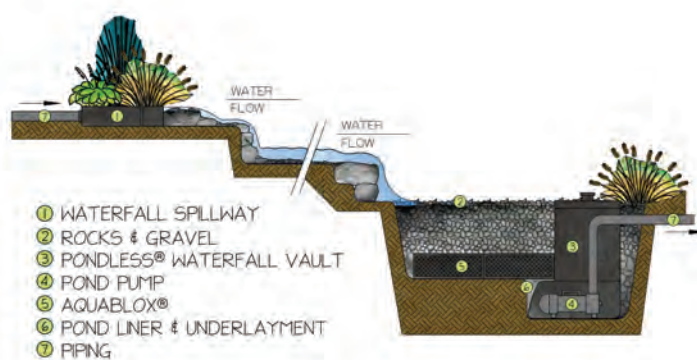

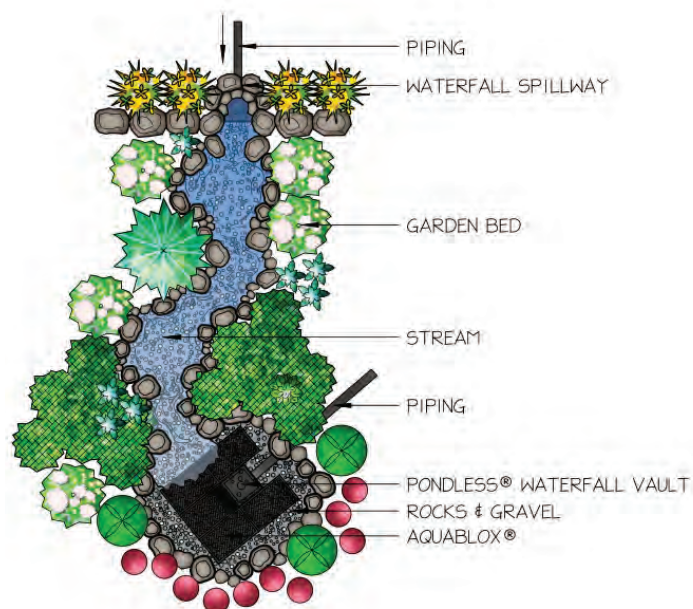

The waterfall is, without a doubt, the most beautiful and sought after landscape water feature.

If you are looking to enjoy the soothing sights and sounds of running water, consider a **Pondless Waterfall**.

What is a Pondless waterfall? It's a recirculating waterfall that falls into a gravel reservoir. Basically a waterfall without the pond. Pondless.

Each Pondless Waterfall is custom designed and built to ensure we exceed your expectations. Children & pets will love exploring the nature that surrounds a Pondless Waterfall, with birds and wildlife becoming frequent visitors.

Introducing the low maintenance **Pondless Waterfalls**.

Pondless Waterfalls

"We love the Pondless Waterfall at our front door. It is a big wow factor for all those that approach our home."

Ken, Edmond, OK

What's the Difference Between Our Premium Artisan Ponds and Pondless Waterfalls Vs. Our Standard Ponds and Waterfalls?

Premium Artisan Ponds & Pondless Waterfalls have more “wow factor” than our standard installations. These premium projects feature boulders that are up to 2000 lbs and require backyard access for machinery as they include much larger boulders that have to be set with excavators. These premium projects require more time to build, include larger pumps and of course, more sound.

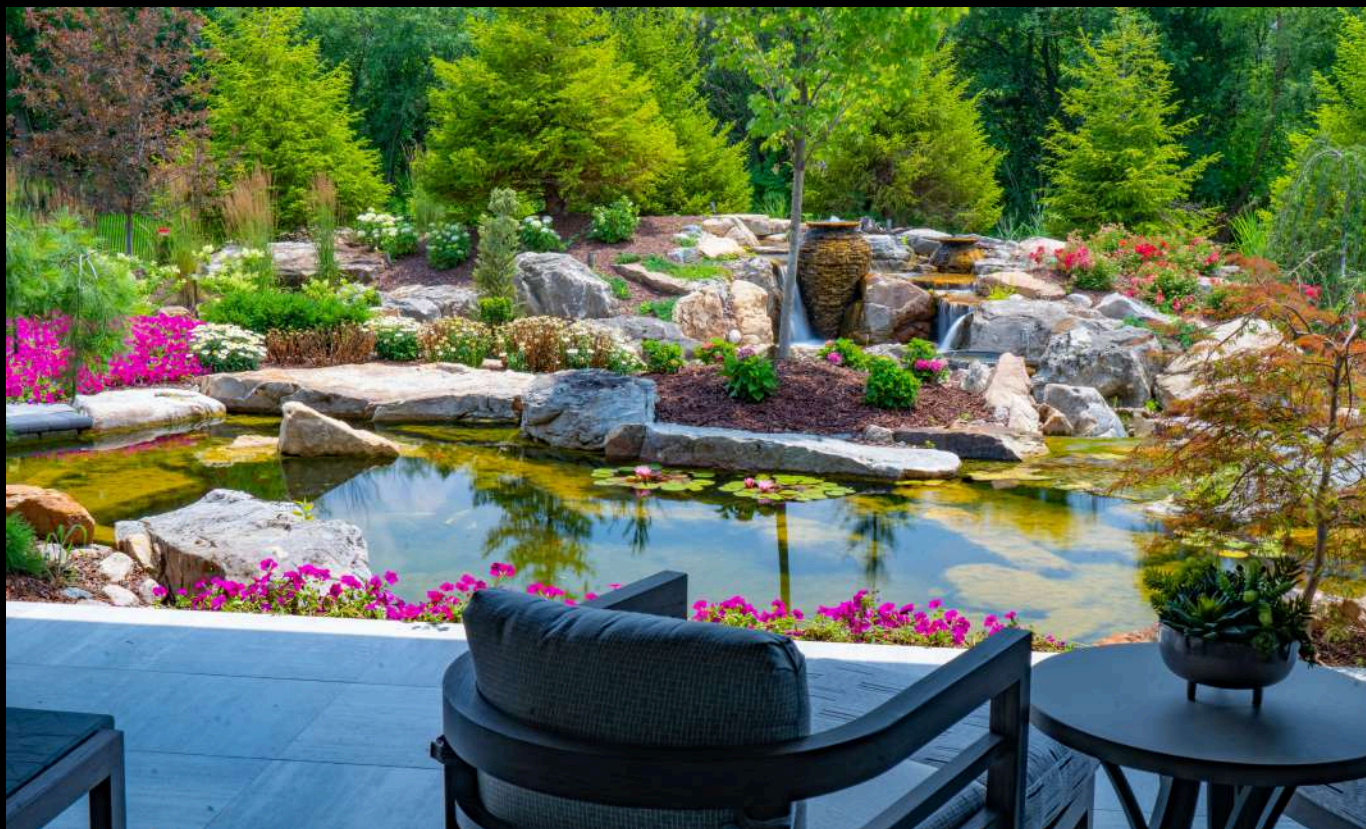

Artisan Packages Make a Bigger Splash!

Larger Boulders up to 2000 lbs.

*Add Some "WOW FACTOR"
to your yard.*

Service After The Sale!

Once we build your pond, rest assured that is not the end of our relationship. With over 28 years in business, service after the sale is one of our top priorities.

We have dedicated teams for.....

- Pond & Water Feature Cleanings
- Emergency Repairs
- Weekly Maintenance
- Monthly Maintenance
- Vacation Maintenance Service

Koi ponds should be cleaned twice a year

*Large enough to handle of all your
pond & water feature needs.
Small enough to care!*

Did you know that we are an award winning company? Yep, nationally ranked.

Our Store

I have a water feature...

Are you disappointed that your current “pond specialist” can’t seem to provide you with answers to your questions? Are you upset that what they’re recommending is not providing the desired results? Are you frustrated that they don’t seem to carry the essential products necessary to enhance your feature?

We've got you covered. Bring in a picture so together, we can explore the many ways to enhance your water feature, giving it new life. There is a lot of science that goes into constructing a properly functioning Koi pond. Our staff has been trained extensively and can help guide you in the right direction.

I want to build a water feature...

Are you considering building your own water feature? Visit our Store for design ideas and start dreaming up your own water feature project. We carry a wide range of DIY kits.

What products do we carry?

In our fully stocked store you’ll find a huge selection of DIY pond kits, pumps, filters, lights, water treatments, fish and plants. We invite you to visit our store and see all the possibilities that exist for your water feature!

Come visit our friendly knowledgeable staff

Monday -Saturday 10am to 5pm

Come visit our pond store. It's a fun place.

We sell over 100 different varieties of Koi and fish.

We stock over 75 different varieties of pond plants. We carry turtles too.

Recreational Ponds

Our large ponds can be built as "Recreational Ponds" that the whole family will enjoy. Sit on the edge with your feet dangling in the water or jump in and swim with the Koi.

These fully filtered, natural ponds bring mother nature and people together.

Recreational ponds do not use irritating chemicals like chlorine. Fish can live in our recreational ponds, doubling the homeowners enjoyment over a pool.

Have a swimming pool without waterfalls?

We can enhance your existing pool by adding beautiful waterfalls. We can built it into your existing system or on the edge so that it is independent of the pool but appears to be all one unit.

Puppy Splash Pads

Ponds provide our fur babies with filtered drinking water and a splash pad in the hot weather.
